PATENTED PRODUCT

SLIM PLEATED® \ HOW TO TAKE MEASUREMENTS

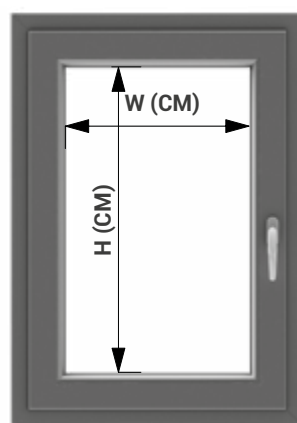

INSTALLATION ON FOLDING WINDOWS

GLASS MEASURES

W = seals/seals
H = glass height

INSTALLATION ON DOOR FRAME

WINDOW MEASURES

W = width from seal to seal
H = height from seal to seal

IMPORTANT NOTES FOR INSTALLATION

- STEP 1** Make sure that there are no silicone parts or other imperfections on the glass.
- STEP 2** Before installing the two profiles, upper and lower, clean the glass with the supplied cloth.
- STEP 3** Install the two profiles and wait 20 minutes
- STEP 4** Mount the system according to the instructions indicated in the package leaflet supplied with the blind.

IMPORTANT NOTES

WE DO NOT GUARANTEE THE SEALING ON THE GLASS IN THE CASE OF FROSTED GLASS, GLASS WITH FILMS OR WORKED GLASS, WHERE THEY ALLOW POOR ADHESION.
